WORK EXPERIENCE

FRONTEND DEVELOPER

Jiifit LLp

March 2023 to August 2023 (6 months)

Worked as a Frontend Developer at Jiifit LLP for 6 months, where I focused on enhancing user interfaces, optimizing front-end functionality, and resolving complex issues to ensure seamless user experiences. Collaborated with the team to redesign a website with an appealing, structured look that improved SEO and site attractiveness. Contributed to projects that increased user engagement, refined design consistency, and ensured smooth, responsive interfaces across devices.

FULL STACK DEVELOPER

Inclination It Innovation Pvt. Ltd

sep 2023 to Oct 2024 (1 year, 3months)

Worked as a Full Stack Developer at Inclination IT Innovations Pvt. Ltd. for 1 year and 3 months, where I focused on both front-end and back-end development. Enhanced user interfaces, optimized functionality, and resolved complex issues to ensure seamless user experiences. Collaborated with the team to redesign a website with an appealing, structured look, improving SEO and site attractiveness. Successfully worked alongside the team to create dynamic back-end solutions using PHP, APIs, and SQL, ensuring reliable and scalable functionality for various projects."
